DETAILED ACTION

Claims 13-19 were cancelled in the preliminary amendment of September 12, 2003. Claims 1-12 are pending and examined.

Claim Rejections - 35 USC § 112

Claims 1-12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis in claim 1, line 1 for the term "form" in claim 1, line 5.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by 6.140,329. '329 discloses the instant compound (Example 1, compound A) and that it can be formulated in individual dosage form containing the instant amount (column 3, lines 50-60. To the extent that intended use determines patentability of a composition claim, it also discloses that said compound is used for both male and female sexual dysfunction (column 3, lines 36-40).
